The HOCATT™ Platinum is a multi-technology natural wellness device that can deliver up to 10 of the world's most effective alternative health and beauty modalities all in one system.

The 10 in 1 HOCATT™ Platinum has added HUGO™ to its Technology. HUGO™ is Pulsed Electro-Magnetic Fields (PEMF) that uses magnetic fields to repair & energise the body. PEMF induce electrical changes within & around cells, which influences the cell behaviour. This results in improved Circulation & Oxygenation, better transport of nutrients and more energy.
