

F-200D

PLASMA ION SANITISER

FOR AIR AND SURFACE SANITISATION

NEW

- Easy to use programmable timer
- Scheduled cleaning cycles
- Sanitizes difficult to reach places
- Suitable for daily use
- No toxic residues
- Proven to kill viruses
- Safe to use on all surfaces
- Low running costs
- Large Plasma Ion output

Cleaning cycle	Area			
	Vehicle	50m ²	100m ²	150m ²
Regular Clean (min)	2	12	24	36
Super Clean (min)	5	24	48	72
Disinfect (min)	8	42	84	126

Recommended runtime calculated under test conditions, actual results may vary.

PERFECT FOR

Patented design bringing maximum Plasma Ion output.

Directional plasma ion output suitable for a wide range of application such as sanitization box and water purification.

Specification

Power Supply	220v/50Hz
Application	Household, restaurants, businesses
Certificate	CE
Warranty	1 Year
Net Weight	2kg
Size	400* 254* 190*
Usage Time	120 - 180 min
Plasma Ion	20g/h
Control	Digital
Plasma Ion Output	Fan Forced
