

# K-100D

# PLASMA ION SANITISER

FOR AIR AND SURFACE SANITISATION

**NEW**

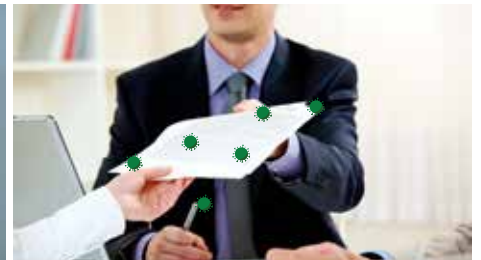

- Easy to use programmable timer
- Scheduled cleaning cycles
- Sanitizes difficult to reach places
- Suitable for daily use
- No toxic residues
- Proven to kill viruses
- Safe to use on all surfaces
- Low running costs
- Large Plasma Ion output

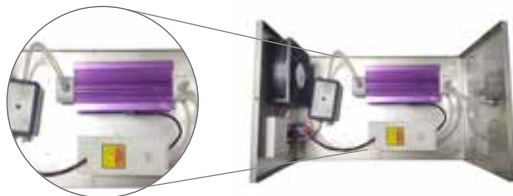

Cleaning cycle	Area			
	Vehicle	30m <sup>2</sup>	50m <sup>2</sup>	70m <sup>2</sup>
Regular Clean (min)	5	14	24	34
Super Clean (min)	10	29	48	67
Disinfect (min)	17	50	84	118

Recommended runtime calculated under test conditions, actual results may vary.

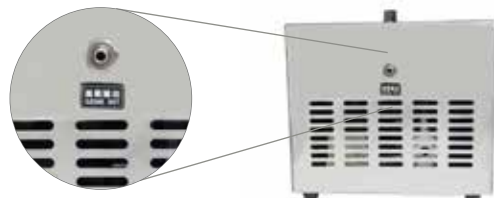

**PERFECT FOR**

Patented design bringing maximum Plasma Ion output.

Directional plasma ion output suitable for a wide range of application such as sanitization box and water purification.

## Specification

Power Supply	220v/50Hz
Application	Household, etc
Certificate	CE
Warranty	1 Year
Net Weight	2kg
Size	400* 254* 190*
Usage Time	120 - 180 min
Plasma Ion	10g/h
Control	Digital
Plasma Ion Output	Compressor Based
