

Mild Hyperbaric Oxygen Tank - Lying Type

**LYING TYPE
CHAMBER
R 215 000.00**

**SIZE 1.4 ATA
L:225cm D:80cm**

**HIGH
STRENGTH
TPU**

**CE, ISO9001,
ISO14001,
ISO13485**

**PRESSURE
1.3 ATA- 1.5 ATA**

FEATURES:

- 1,3- 1,5 ATA operating pressure
- 3 zipper seal with silicon inlay for tight seal
- Large viewing windows for sufficient ambient light inside chamber
- Full nylon protection cover prevents damage and dirt, easy to clean
- Emergency valve to speed up depressurization when required
- Easy operation for self-treatment purposes
- High pressure oxygen concentrator delivers 94± oxygen via mask or cannula
- Internal metal frame holds shape and shortens pressurization time
- internal Metal Frame
- Internal Pressure Valve
- Increasing oxygenation
- Reduces chronic fatigue
- Relieve tension and stress
- Improve concentration
- Remedy for headaches & migraines
- Improve metabolism
- Immune system support
- Anti-aging effect
- Promotes angiogenesis
- Sports Recovery
