

Oxlife Independance

Durability That Outlasts the Competition

Durability That Outlasts the Competition.

The Oxlife Independence by O2 Concepts is the only concentrator on the market with all light-weight metal construction and standard 5 year warranty. It was specifically designed to handle the rigors of 24/7 use. With continuous flow up to 3LPM and pulse settings up to 6 (96 mL), the Oxlife Independence is the ideal non-delivery solution for your most demanding oxygen patients.

Features

- Patented ESA technology enables the Oxlife Independence to have the longest battery life in its class
- Can be used on all settings while plugged in a car (DC mode)
- Integrated DC power supply - no external brick
- Durable exterior made of all light-weight metal to survive your most demanding oxygen patients
- FAA Approved
- Convenient access to preventative maintenance door for fast and easy pump filter change
- Integrated cart with 6" wheels offers "best in class" mobility and lighter overall weight
- Custom split battery configuration allows for "hot swapping" of battery. No loss of oxygen when switching battery
- Flow settings in .5 increments for better patient titration
- Large LCD screen with multi-color background (blue, red, yellow) – easy for visual and hearing impaired patients

Pulse Flow Settings

Setting	Dasage (ML)
0.5	8
1	16
1.5	24
2	32
2.5	40
3	48
3.5	56
4	64
4.5	72
5	80
5.5	88
6	96

Specifications

Dimensions	Height: 20.2" • Width: 10.9" • Depth: 8"
Weight	Device: 16.7 lbs • Battery: 1.35 lbs/each
Oxygen Output	Pulse Dose Settings 0.5-6 in 0.5 increments (8mL-96mL) 0.5-3 LPM in Continuous Mode in 0.5 LMP increments
Battery Duration	5.75 hours @ 2 pulse at 20 bpm • 2.5 hours @ 2LPM continuous
Sound Level @ 2 Pulse	40 dBA
Battery Recharge Time	1.5 hours - 1 battery • 2.5 hours - 2 batteries
Oxygen Concentration	87%-95.6% at Sea Level at all settings
Oxygen Output Pressure	psig +/- 1 psig (34 +/- 7 kPa)
Operating Temperature	50°F (10°C) to 104°F (40°C)

R55 000.00
