Aesthetic Slimming Combined Slimming Therapy

The best aesthetic beauty solutions right here!

- ✓ Lipo laser slimming
- ✓ Cryo fat freeze slimming
- ✓ Electro Muscle stimulation

Next gen Multi Slimming system

Three of the best technologies built into one system to run simultaneously for optimal results without any labour from your therapist side!

10 high end laser beams with continues or pulsed setting. 635nm Red Light Laser and 532nm Green Light laser.

4 dual Cryolipolysis freeze pads, with temperature range from -10 to 4 degrees Celsius.

The dual pads run Electro Muscle Stimulation mode automatically during the session, to tone and tighten the muscle in the area.
